Clarification of News Report

We write in reply to the Exchange's request for confirmation on the news article entitled ""Dito teams up with LCS, Sky Cable for infra rollout" posted in The Manila Times (Online Edition), it was reported in part that:

"DITO Telecommunity Corp. continues to prepare for its commercial launch by tapping the Singson-led LCS Group and ABS-CBN's broadband arm Sky Cable Corp. for the deployment of network infrastructure.

....

The challenger to the PLDT-Globe duopoly also teamed up with Sky Cable Corp. for the utilization of the latter's unused fiber-optic cables in Metro Manila.

'These two deals allow Dito to tap reliable local partners and their existing telecommunication infrastructure assets to support our network rollout without having to build everything from scratch; done to ensure that we soon deliver on our promise of faster, more affordable, and most importantly, secure internet connectivity for our countrymen,' Tamano said in a statement.

...."

We confirm that SKY Cable Corporation has signed a commercial agreement with Dito Telecommunity Corporation involving the IRU lease of its unused fiber facilities in Metro Manila. This will be used by the third telco for their network and base station build out. SKY will maintain ownership of the facilities after the contract period.
