Subject of the	Disclosure
----------------	------------

Update on Sale by ABS-CBN Corporation of its interest in Sky Cable Corporation

### Background/Description of the Disclosure

Further to our disclosure dated January 22, 2024, on the sale of Sky Cable's ("Sky) broadband business and related assets to PLDT via the sale of 100% of Sky's total issued and outstanding capital stock (the "Proposed Transaction"), Sky will now begin its transition into a dedicated internet service provider. Sky started informing its cable TV subscribers that its cable TV operations, subject to other conditions, will have their final broadcast and sign-off on February 26, 2024, at 11:59 pm and shall be discontinued effective February 27, 2024. This information has been made available through Sky's website starting on January 27, 2024, and has offered other platforms to provide further information on how this new development will affect their service.

Sky received from the National Telecommunications Communications (the "NTC") various Certificates of Registration (the "COR") as a value-added service provider to offer Internet Access, services across the Philippines to allow it to be a dedicated and independent internet service provider.

The Proposed Transaction is, however, still subject to a number of closing conditions. ABS-CBN will disclose material information to update the disclosure made to the exchange on March 16, 2023, once they become available.
